TITANIC TOMES!

TITANIC TOMES

Omnibus and deluxe editions have become one of comics' most popular new formats; huge hardcover volumes that collect within their covers a large chunk of a comic book series. What makes a "Titanic Tome"? First and foremost, it's a volume's overall size. Whether a book stretches its format past the standard 7" x 10" or 8" x 11" sizes, or pushes its page-count into upper digits past 200 pages, size does matter! And this month we're celebrating these massive collections throughout the issue, just look for the "Titanic Tomes" icon!

THE FLIPSIDE INTERVIEW: DIRK WOOD INTERVIEW

IDW Publishing is poised to release the first issue of their new recurring publication, *Full Bleed Comics & Culture Quarterly*, dedicated to comics, art and pop culture. Created by IDW VP of Marketing Dirk Wood, *Full Bleed* was born on Kickstarter, but will ultimately call your local comic shop home... until you take it home! Dirk Wood was kind enough to take time out of his busy schedule to talk with us about the first volume of *Full Bleed* — featuring interviews with Stephen King, Alan Moore, and Punk legend Carla Bozulich, among others — and the steps it took to bring this unique hardcover "magazine" to life!

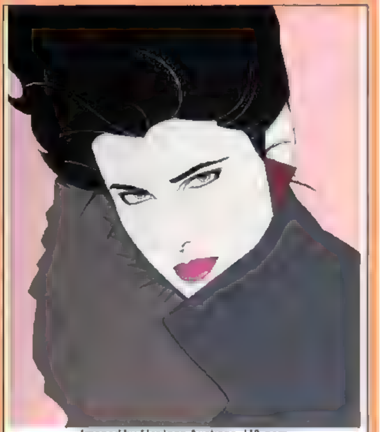
Where The Magic Of Collectibles Comes Alive!

Heritage's Illustration Art Tops World Records



Imaged by Heritage Auctions HA.com

During Heritage's Illustration Art Auction on October 13, 2017, the $1 million sale saw impressive examples by Patrick Nagel and Robert McGinnis smash world records.

Nagel's *Bold*, circa 1980s, realized $200,000, surpassing the previous record of $161,000 set by Heritage in 2014. Meanwhile, McGinnis' 2002 original DVD illustration art for *Casino Royale* set an artist auction record when it brought in $47,500, against a $15,000 estimate.

"This auction was rich with fresh-to-market quality material and collectors took advantage of the opportunity. We remain the No. 1 house for hard-to-source artworks from the peak of popular culture," said Ed Jaster, Senior Vice President at Heritage Auctions.

CBCS Acquired by Beckett Media

Comic Book Certification Service, LLC (CBCS), the company headed by President and Primary Grader Steve Borock, has been acquired by Beckett Media, the companies have revealed.

"Beckett's technology, their time-tested brand, and their goals for us in marketing and global expansion indicate just how much potential they see in our field. It's going to be an exciting time for collecting comic books," Borock told *Scoop*.

Borock, CEO Michael Bornstein, and other key staff members will continue to operate from CBCS' offices in St. Petersburg, FL.

Beckett Grading Services is a leader in sports card grading, and Beckett Authentication Services has become a key player in autograph authentication since launching in 2016.

Say the Magic Word: Shazam!

Captain Marvel, a/k/a Shazam, was created by artist C.C. Beck and writer Bill Parker in 1939. The character debuted in Fawcett Comics' *Whiz Comics* #2 and became the first comic superhero to appear on film, in a 1941 serial.

Shazam is the alter ego of a boy named Billy Batson, who transforms into an adult superhero by saying the magic word "shazam." Batson was empowered by the Wizard Shazam, who explained that he could use the power of gods to fight evil. As Shazam, Batson gains superhuman strength, speed durability, longevity, flight, spell-casting, control of magical lightning, teleportation, and knowledge and focus of the gods.

- **Cosplayers Perfect Collection TP** (JUN171677)
- **Bottomless Belly Button GN** (MAR083712)
- **Doctors GN** (JUL141218)

Please tell us a bit about yourself!

I'm a cartoonist and animator. My most recent book was titled *Cosplayers* (*Perfect Collection TP* / JUN171677) about two young women who cosplay. I wrote and directed the independent animated feature *My Entire High School Sinking into the Sea*, about a group of students (voiced by Jason Schwartzman, Maya Rudolph, Reggie Watts and Lena Dunham) who move up through the floors of a school slowly falling into the ocean. That played at a bunch of festivals and had a US theatrical release in 2017. I did a graphic novel in 2008 titled *Bottomless Belly Button* (MAR083712) that's being reissued now. That's about a family gathering at a remote beach house where the grandparents announce their divorce.

What are your favorite projects you've contributed to over the past decade?

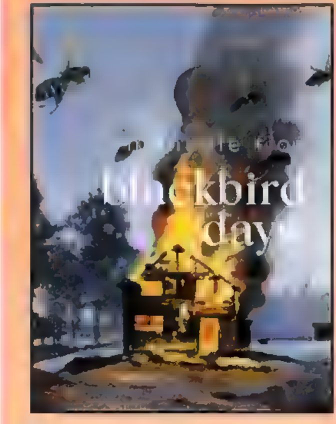
The *My Entire High School Sinking into the Sea* movie was the most fun, because I got to work with so many other artists on that; from the composer and editor to the actors and background painters. I'm also very happy with a book I did titled *Doctors* (), about doctors who enter deceased patient's afterlives to bring them back from the dead.

What are you currently working on?

I'm working on my second animated movie, *Cryptozoo*, about a zoo that rescues and houses mythological creatures. I'm also slowly finishing a graphic novel I've been working on for many years, about a Quaker soldier in the Civil War.

Lovers in the Garden

ARSÈNE SCHRAUWEN



What fun titles are you reading?

I love Anya Davidson's book from Retrofit Comics, *Lovers in the Garden* (DEC161332). That's a pulpy crime story. I also love all of Olivier Schrauwen's work. He did a book titled *Arsene Schrauwen* (AUG141478) about his grandfather. And I love Manuele Fior's comics. He has a new book coming out soon titled *Blackbird Days* (SEP178331) that I'm very excited to read!

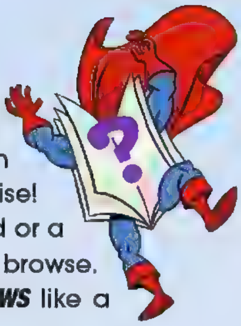
Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

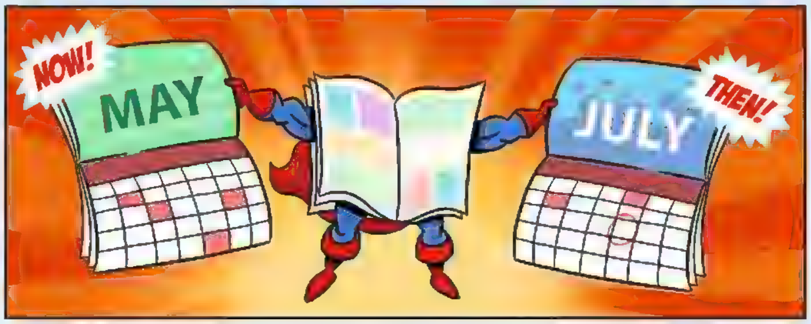
USER'S GUIDE



There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later** (or more). For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

JEAN GREY'S RETURN LAUNCHES THE X-MEN RED TEAM

Like the Phoenix of myth, the original Jean Grey returned to life in *Phoenix Resurrection*, and now she assembles a new X-Men team for a new mission this February in Marvel Comics' *X-Men Red* #1 from Tom Taylor and Mahmud Asrar!

Jean Grey's rebirth returned her to a very different world than the one she left, one in which old friends have died, old friendships have been sundered, and old legacies tarnished. But one thing hasn't changed, those who want to tear down Professor Xavier's vision of a world where humans and mutants live together in harmony. With Xavier's dream under an all-out assault, Jean assembles a team — Namor, Nightcrawler, and Laura Kinney — to confront the threat and uphold Xavier's ideals!

Tom Taylor, the acclaimed writer of *All-New Wolverine*, joins forces with *Weapons of Mutant Destruction* artist Mahmud Asrar for this new and exciting chapter in X-Men history. In addition to Taylor continuing his work with Laura, he and Asrar will define Jean Grey and her role in the Marvel Universe going forward into the 21st-century.

The return of one of Marvel's oldest characters, an unexpected team roster, and two creators at the top of their game will make *X-Men Red* one of the most exciting comics on the stands this February!

MILLAR AND ROMITA REUNITE ON IMAGE'S ONGOING *KICK-ASS* SERIES

Ten years ago, Marvel Comics published the first issue of Mark Millar and John Romita, Jr.'s creator-owned series *Kick-Ass*. In a world without super-heroes, Dave Lizewski, a friendless, bullied high school student who is a fan of comic books decides to become a costumed crime fighter. At the end of the third series, Dave had hung up the Kick-Ass costume for, but who is the new person wearing the green-and-yellow costume? Millar and Romita, Jr. reunite for the next chapter in the story in Image Comics' new *Kick-Ass* ongoing series!

Also debuting in February is Millar's new ongoing *Hit-Girl* series, drawn by Ricardo Lopez Ortiz. Mindy, better known by her nom de guerre Hit-Girl, travels the world, meting out her hyper-violent brand of justice. Her journey takes her to Colombia where she seeks to avenge a murdered child, and Colombia's deadliest assassin has no idea what he's about to experience at Hit-Girl's hands!

Plus, Image Comics is bringing the original Kick-Ass and Hit-Girl comics back into print in four volumes, featuring all-new covers from John Romita, Jr. to mark the series' 10th-anniversary!

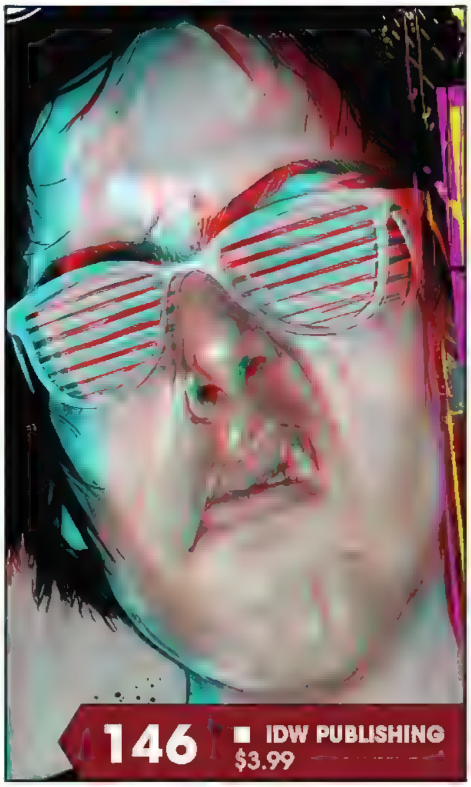
THE LIFE AND LEGEND OF MATA HARI COMES TO LIFE IN A NEW DARK HORSE SERIES

On October 15, 1917, a dozen French Army officers executed a 41-year-old woman by firing squad. Her charge? Espionage for Germany during the Great War. The woman? Margaretha Zelle, better known as the exotic dancer, Mata Hari. To this day, Mata Hari's name conjures the images of the seductive femme fatale. This spring, Emma Beeby and Ariela Kristantina explore the life of Zelle in their new mini-series, *Mata Hari*, for Dark Horse Comics and editor Karen Berger!

Born in the Netherlands, married to a man twenty years her senior in the Dutch East Indies, Margaretha Zelle turned to being an artist's model and an exotic dancer after her marriage disintegrated and she had to support her daughter. For her act, she created the persona of Mata Hari, a Javanese princess of Hindu origins who was schooled in the ancient art of sacred Indian dance. She maintained her career into the Great War and, as a citizen of the neutral Netherlands, she could freely travel among the belligerant powers. Recruited as a spy by French intelligence, she also offered intelligence to the German attache in Madrid. Ensnared in a trap, she was arrested by the French for passing secrets to the Germans, tried, and finally executed.

In Beeby and Kristantina's *Mata Hari* series, the life of Zelle is explored, from her artistic identity to her life as a wife and mother to her life as an exotic dancer and spy, in a compelling story of the infamous spy of World War



PUNKS NOT DEAD, NOT WHEN YOU'RE A GHOST NAMED SID

Fergie's life is not the best. He's bullied in school, even after 15 years his mother has yet to get the hang of parenting, and his father has always been a non-presence in his life. A trip to London completely turns his life upside down when he discovers the ghost of a punk rocker named Sid in David Barnett and Martin Simmonds' *Punks Not Dead*, the latest Black Crown book from IDW Publishing!

Fergie never expected to find the ghost of a punk rocker when he passed through Heathrow, because he had never seen a ghost before, but when he sees Sid, dead forty years, the ghost of the legendary punk rocker decides to become the guiding spirit of the bullied, awkward fifteen-year-old. Life has just become very interesting for Fergie, as the anarchic spirit of Sid turns his life upside down and draws the attention of the authorities!

The latest book from IDW Publishing's Black Crown imprint, *Punks Not Dead* shows that even death can't stop the spirit of punk rock!

FEATURED ITEM

In antipication for the release of Titan Comic's recently announced Bloodborne comic series, we chat to superstar writer and *Bloodborne* fan Ales Kot about his love of the game, his excitement about writing the series and why this will be a series everyone should pick up!

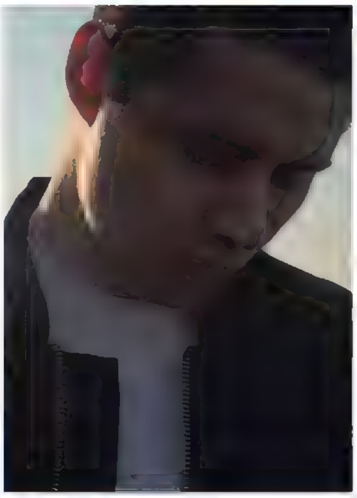

Photo credit: Nicole Vega

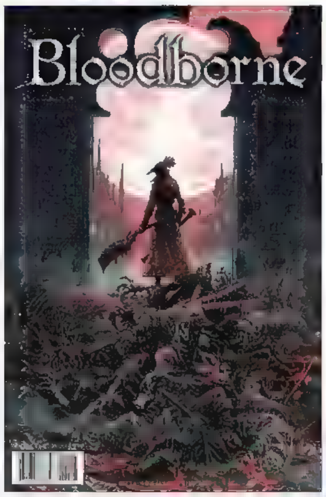

ALES KOT - WRITER

As a massive fan of the game, how easy was the transition from player to writer?
It was like slipping back into my weekly blood bath. Warm, restful, rejuvenating. I've played the game so thoroughly over the past two years, researched the lore, and enjoyed it so much, that the only challenge was and continues to be adhering to the same high standard I feel from the game itself, from Miyazaki-san, and from From Software. I'm committed to creating something that fits into the world seamlessly and furthers it while being fully aligned with the story, ideas, aesthetics, and characters of the game. So it's a lot of work, a lot of thinking that doesn't necessarily go on the page -- but it's work I do with joy, because I love writing *Bloodborne* very, very much.

***Bloodborne* (and Hidetaka Miyazaki directed games in general) are notorious for their open-ended lore and hidden plot points. Did you find this a challenge when tackling the comic?**
Not at all. I love experiencing and telling stories that are simultaneously dense and obscure, with a story that can be followed directly while allowing for getting lost in a variety of its threads. I'm into narrative ambiguity, and much of the art that affects me the most is more interested with asking questions than giving answers. The key is striking a balance between both: take you on a journey one can get lost in.

Apart from the game itself, were there any other sources (film, art, music) that inspired your writing on the series?
So much, but mostly works that are already present in Bloodborne's DNA. Paintings of Caspar David Friedrich, Francis Bacon and Zdzislaw Beksinski. Bram Stoker's Dracula, Mary Shelley's Frankenstein, H.P. Lovecraft's work. Manga like Berserk. Music from the game, but also the new albums by Chelsea Wolfe, Zola Jesus, lots of dark ambient / drone. Laird Barron's writing and Alphonso Cuaron's Children of Men.

You're working with artist Piotr Kowalski on this series, what makes him the best collaborator for a title like *Bloodborne*?
Piotr's an artist who can draw pretty much anything, but much of his work is rooted in the gothic, in horror, decay, the weird and the eerie. At the same time, he can create very dynamic pages, he plays around with architecture, and is very open to feedback and very committed to creating his best work to date. So I'm very happy with him, as I am with Brad Simpson, our resident colorist, who is furthering our work in ways both beautiful and horrifying. .

How would you encourage fans of the game to approach the new comic series? How will it fit into the *Bloodborne* mythos for you?
Come see the Old Yharnam burn. Come see the child. Come see the moon hang lower, meet Iosefka and Djura one more time. Return to the fishing village. Retrace your steps in time. Discover another Hunter, one who tries to get away...

What about people unfamiliar with the games? Why should they pick up this comic?
Do you love horror? Do you love weird fiction? Do you love dark fantasy? Do you love inventive, fast-paced action? Do you love dense, intense ideas? Are you interested in theories of perception? Do you like blood? Are the Old Ones telling you to buy this comic now? If the answer to at least one of these is a positive one, I suggest you jump in for a ride that blends all of those, all already mentioned in the other answers, and much more. There is no world like the world of *Bloodborne*, and the Old Ones require fresh substrate. I mean, uh, readers.

After a black writer is found dead at a scandalous interracial party in 1920s New York, Harlem's cub reporter Zane Pinchback is the only one determined to solve the murder. Zane must go "incognegro" for the first time—using his light appearance to pass as a white man—to find the true killer, in this prequel miniseries to the critically acclaimed Vertigo graphic novel, now available in a special new 10th Anniversary Edition.

With a cryptic manuscript as his only clue, and a mysterious and beautiful woman as the murder's only witness, Zane finds himself on the hunt through the dark and dangerous streets of "roaring twenties" Harlem in search of justice.

A page-turning thriller of racial divide, *Incognegro: Renaissance* explores segregation, secrets, and self-image as our race-bending protagonist penetrates a world where he feels stranger than ever before.

Dancer. Courtesan. Spy. Executed by a French firing squad in 1917. 100 years on from her death, questions are still raised about her conviction.

Now, the lesser-known, often tragic story of the woman who claimed she was born a princess, and died a figure of public hatred with no one to claim her body, is told by breakout talent writer Emma Beeby (*Judge Dredd*), artist Ariela Kristantina (*Insexts*), and colorist Pat Masioni drawing on biographies and released MI5 files.

In this first part of a five-issue miniseries, we meet Mata Hari in prison at the end of her life as she writes her memoir—part romantic tale of a Javanese princess who performed "sacred" nude dances for Europe's elite, and part real-life saga of a disgraced wife and mother, who had everything she loved taken from her.

But, as she sits trial for treason and espionage, we hear another tale: one of a flamboyant Dutch woman who became "the most dangerous spy France has ever captured"—a double agent who whored herself for secrets, lived a life of scandal, and loved only money.

Leading us to ask . . . who was the real Mata Hari?

Degradation! Crime! Madness! Hysteria surrounded marijuana as a perceived gateway drug from the 1930s to the 1950s and beyond. *Adventure Comics*, by Jerry Siegel and Joe Shuster, and works by Frank Frazetta, Jerry Robinson, Jack Kirby, and many more, reveal the social reaction to this era of "Reefer Madness." From comically misinformed to soberly concerned, these comics lament the impact of weed on youth culture.

Eisner and Harvey Award winner Craig Yoe brings us his newest collection of wacky, wild, and culturally relevant comics.

JLA/DOOM PATROL SPECIAL #1

Written by STEVE ORLANDO and GERARD WAY • Art by ACO • Backup story written by MAGDALENE VISAGGIO
Backup story art by SONNY LIEW • Cover by FRANK QUITELY

"MILK WARS" part one! Welcome to the *un*-event of the year! Kicking off a line-wide adventure, DC's Young Animal collides with the DC Universe to bring you a different kind of crossover.

The Doom Patrol has discovered that an interdimensional corporation called RetCo has been stealing stories, reconfiguring them and repackaging them for new markets. Our gang of misfit heroes have felt the touch of this nefarious company, and it has already started to change them. Even scarier, though, is how deeply RetCo has embedded itself into current continuity, using the radioactive milk of psychic cows to quell the more dangerous impulses of the Justice League and turn them into heroes safe for the masses. And to kick this off, RetCo has gone all the way to the top.

Meet Milkman Man, heretofore unknown final son of Krypton, who was sent to our planet to save him from the destruction of his homeworld, only to be adopted by an evil dairy farmer and raised to love all things dairy!

Co-plotted by Steve Orlando and Gerard Way, with art by ACO (MIDNIGHTER), this extra-sized special starts "Milk Wars" with a splash!

Plus, who is Eternity Girl, and how does she connect to this whole scheme? A special four-part back-up feature by Magdalene Visaggio (*Kim and Kim*) and Sonny Liew (*The Art of Charlie Chan Hock Chye*) begins here.

GREEN LANTERN: EARTH ONE VOL. 1 HC

Written by GABRIEL HARDMAN and CORINNA BECHKO • Art and cover by GABRIEL HARDMAN

The newest Earth One original graphic novel presents an all-new origin for the Emerald Warrior!

Hal Jordan yearns for the thrill of discovery, but the days when astronaut and adventure were synonymous are long gone. His gig prospecting asteroids for Ferris Galactic is less than fulfilling—but at least he's not on Earth, where technology and culture have stagnated.

When Jordan finds a powerful ring, he also finds a destiny to live up to. There are worlds beyond his own, unlike anything he ever imagined. But revelation comes with a price: the Green Lantern Corps has fallen, wiped out by ruthless killing machines known as Manhunters. The odds against reviving the Corps are nearly impossible...but doing the impossible is exactly what Hal Jordan was trained to do!

From co-writer and artist Gabriel Hardman (*Invisible Republic*) comes a soaring original graphic novel that takes a radical new look at the mythology of Green Lantern and provides a great entry point for new readers.

DEATHBED #1

Written by JOSHUA WILLIAMSON • Art and cover by RILEY ROSSMO

Myth, hack, sex symbol, stark raving lunatic—all of these words have been used to describe Antonio Luna, the world's greatest living adventurer. Or at least he was until 20 years ago, when he mysteriously vanished from the public eye. Now the ninety-year-old has returned and claims to be on his deathbed. Which is where Valentine Richards, a failed novelist turned reporter, comes in. Val is hired to travel to Luna's remote castle home and uncover where the old star has been all these years, and just how much of what he says is actually true. But once Val starts to hear Luna's tale, she finds herself entering into an insane world of psychedelic violence and explosive supernatural adventure.

This brand-new series is a bold collaboration between Joshua Williamson (THE FLASH, FROSTBITE) and Riley Rossmo (THE BATMAN WHO LAUGHED). Before it's through, they promise to take you to the Moon and back—and everywhere in between—plus some places that are totally off the map.

As if being an awkward, bullied 15-year-old isn't bad enough, "Fergie" Ferguson suddenly discovers he can see dead people. Well, one dead person specifically—the ghost of a certain punk rocker named Sid. Sid's spirit was trapped in London's Heathrow Airport for forty years until the day he met Fergie. Sid's ghost is now stuck to Fergie—as if Fergie doesn't have enough on his plate, being raised by a single mum whose idea of parenting is strictly fly-by-the-seat-of-your-pants. Now, Fergie has to contend with an unruly ghost sidekick and some weird, uncontrollable new "abilities." How does the father Fergie never knew fit into this mayhem? And why is the Department of Extra-Usual Affairs showing an interest? Never Mind the Bollocks—all of this plus fish fingers, chunky chips, and endless pints of anarchy in the new monthly series PUNKS NOT DEAD!

TITANIC
TOMES!

titanic
/tī'tanik/
adjective / Of exceptional strength, size, or power.

tome
/tōm/
noun / A book, especially a large, heavy, scholarly one.

Omnibus and deluxe editions have become one of comics' most popular new formats; huge hardcover volumes that collect within their covers a large chunk of a comic book series. What makes a "Titanic Tome"? First and foremost it's a volume's overall size. Whether a book stretches its format past the standard 7" x 10" or 8" x 11" sizes, or pushes it's page-count into upper digits past 200 pages, size does matter!

This month, we're celebrating these massive collections throughout this issue, and we've got a nice cross-section of offerings to tempt you with here... as well as elsewhere in this issue!

THE PRINCE AND THE DRESSMAKER

Recommended by Jim Fallone

It would be easy to pigeonhole this book by some of the media attention it will draw and although this is a story about a young 19th Century prince named Sebastian who secretly loves to wear dresses and hires an ambitious young seamstress named Frances to make dresses for him don't be mistaken. This is not a fairy tale about gender. Instead Jen Wang craftily elevates the story beyond the sum of its parts and into a positive and satisfying tale about self-expression that reads like the best of the Disney *Princess* movies. *The Prince and the Dressmaker* at its heart is a wonderful and universal story about being true to yourself and to your creative spirit. Wang's expressive drawing conveys subtlety of emotion here evoking both Disney animators like Glen Keane and children's illustrators like Hilary Knight. The illustrations work with the story to propel it forward and add much nuance and emotion. Jen Wang understands misfits and I am a big fan of her digital comic *The White Snake* but *The Prince and the Dressmaker* marks a big leap forward for her as a creator.

This is a graphic novel to be recommended and shared and will inspire anyone motivated to be creative.

FAIRY GODBROTHERS VOLUME 1: TOOKEN GN

(W) Ken Kristensen (A/CA) M. K. Perker

Magic awaits... at least that's what Sean and Marcus's dad always told them when they were children. Now adults, it seems that all of that magic is behind them. Marcus fills his days with sex, drugs, and rock and roll, while Sean focuses on growing their family owned ice cream shop into a worldwide brand. Suddenly, just moments before finalizing a deal to sell their shares in the family company to a multinational corporation, Sean and Marcus are inexplicably whisked away to a world of fairytales. But these aren't the friendly fairytale characters Sean and Marcus remember from classic bedtime stories. This is the world as it was originally imagined by the Brothers Grimm, one rife with beheadings, bestiality, and brothels. (STL070771) (C: 0-1-0)

Panacea Cryonics offered its customers life after death by keeping their heads frozen until the day technology could rebuild them, free of disease and death. However, as these everyday people from the past are revived, they're not handed the keys to a new life, but a gun, body armor and an ultimatum. They must fight in a war against unknown opponents for unknown reasons, to secure their place in a brave new world that doesn't want them around.

From Chris Sebela, writer of *Blue Beetle*, *Kiss/Vampirella* and *Evolution*, and Hayden Sherman, artist of *The Few* and *John Carter The End*, comes the story that HAD to be told at AfterShock!

Volume Three of the hit AfterShock Series! A great jumping-on point!

It's 1906 and Theodore Roosevelt is the sitting president when a familiar face from his past asks him once again to call upon the Rough Riders to save the world. But this time it's not anarchists or aliens—no, it's something from the great beyond. Something so ancient and inherently evil that the Rough Riders will need to add to their ranks in hopes of defeating it. Who will be the newest historical figure to have the honor to call themselves a Rough Rider?

Created and written by Adam Glass (executive producer of *Supernatural* and writer of *Suicide Squad*) with artwork by Patrick Olliffe (*Untold Tales of Spider-Man*).

"The story is exciting and fun, with the characters being faithful and fanciful, and the visuals are epic and thrilling. This is what comic books are all about!"

Lots of reveals, lots of uncovered truths about the family and the cult and the assassin and the raccoon monster and the mom and the OTHER mom and...yeah, see? It's gonna get weird. In the dead of night, in a steaming, tropical jungle, Van Hauser is about to confront his destiny, and witness,firsthand, the eternal thirst of Dracula! After traveling to a remote, Philippine island, the "B" horror movie actor finds only a decaying mansion filled with bloodthirsty vampires led by their king, the legendary Count Dracula. To his dismay and disbelief, Hauser has been lured to the island not for his blood, but for his lineage, and Dracula's true gambit is about to be revealed, one that could either save mankind, or spell its doom. It's Dracula as you've never seen him before, more blood-thirsty and calculating than any movie incarnation, in this incredible story filled with blood, violence, and nudity, for mature readers only. Eternal Thirst of Dracula comes with two covers – Main and Nude by Roy Allan Martinez.

In this incredible and gorgeous two-issue mini-series, Edgar Rice Burrough's Caspak comes to life in all of its prehistoric glory. Hidden from the world behind a time-warping veil, Caspak is an island continent filled with rampaging, flesh-eating dinosaurs, where death comes calling in a million different ways. Navigating her way through the primordial landscape, the amazing cave woman See-Ta has found that something is amiss in the island's delicate ecosystem, a change that could upend the entire balance of predators and prey and plunge Caspak into chaos. Based on the novels of Edgar Rice Burroughs, THE LAND THAT TIME FORGOT: SEE-TA THE SAVAGE builds upon the Caspak Trilogy and includes cameos by some of the novels' most beloved characters.

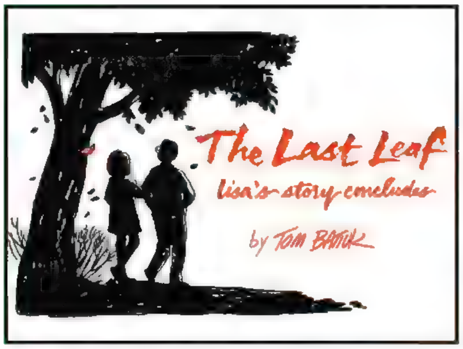
PRELUDE: LISA'S STORY BEGINS TP

(W/A/CA) Tom Batiuk

Prelude is a collection of the early comic strips that bring Lisa and Les together. Introduced to readers of *Funky Winkerbean* in late 1984 as she experiences SAT test anxiety, Lisa becomes Les Moore's best friend and a pivotal character. Les and Lisa go to the prom, begin steady dating, and then break up. Over the summer, Les realizes how much he misses Lisa. When he gathers his courage and goes to her house, he is stunned to discover Lisa is pregnant with a child fathered by a jock from Walnut Tech. Lisa asks Les to be her coach in childbirth classes, and their friendship explodes from there. *Prelude* takes fans from the early days of their deep friendship through the birth of Lisa's baby and the baby's adoption. (STL070570)

SC, 10x7, 296pgs, PC.. $18.95



THE LAST LEAF: LISA'S STORY CONCLUDES TP

(W/A/CA) Tom Batiuk

To be published simultaneously with *Prelude*, *The Last Leaf* is the sequel after Lisa's death from breast cancer in *Lisa's Story: The Other Shoe*. *The Last Leaf* recounts how Les and family cope with Lisa's death and continue their lives. Creator Tom Batiuk brings Lisa back in Les's imagination, and she helps him work out difficulties and decisions in his life and in the life of their daughter Summer. Fans will recognize Batiuk's gentle mix of humor and more serious real-life themes that heighten the reader's interest. (STL070571)

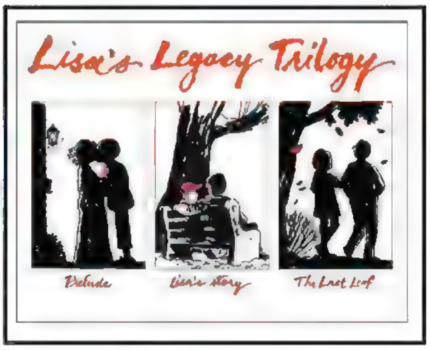
LISA'S LEGACY TRILOGY SLIPCASE EDITION HC

(W/A/CA) Tom Batiuk



TITANIC TOMES!

Tom Batiuk spent several years as a middle school art teacher before creating the comic strip *Funky Winkerbean* in 1972. In 1999, Lisa Moore, one of Funky's friends and a main character, discovered she had breast cancer. Batiuk approached the topic with the idea that mixing humor with serious and real themes heightens the reader's interest. The Lisa's Legacy Trilogy collects three volumes — *Lisa's Story: The Other Shoe*, the collection of strips of Lisa's battle with breast cancer, as well as *Prelude*, the collection of strips about Lisa's courtship with Les, and *The Last Leaf*, which shows how Les and family cope with Lisa's death and continue their lives. THE WILDS #1

written by **VITA AYALA** illustrated by **EMILY PEARSON**

cover A by **EMILY PEARSON**
cover B (currently in production) by **NATASHA ALTERICI**

$3.99 | 32 pages | full color | Mature

After a cataclysmic plague sweeps across America, survivors come together to form citystate-like communities for safety.

Daisy Walker is a Runner for The Compound, a mix of post-apocalyptic postal service and black market salvaging operation. It is a Runner's job to ferry items and people between settlements, and on occasion scavenge through the ruins of the old world. Daisy is the best there is at what she does.

Out beyond the settlement walls are innumerable dangers: feral animals, crumbling structures, and Abominations -- those that were touched by the plague and became something other. After a decade of surviving, Daisy isn't phased by any of it -- until her lover, another Runner named Heather, goes missing on a job. Desperate to find her, Daisy begins to see that there may be little difference between the world inside the walls and the horrors beyond.

From writer Vita Ayala ***(Bitch Planet: Triple Feature, Wonder Woman Annual)*** and Emily Pearson ***(Cult Classic)*** with colors by Marissa Louise ***(Spell On Wheels)*** and covers by Natasha Alterici ***(Heathen)***, comes this bold tale of surviving in bleak times.

LAST SONG #2

written by **HOLLY INTERLANDI**
illustrated by **SALLY CANTIRINO**

$4.99 | 64 pages | B/W | Mature

When do you know you've made it?
When your song first plays on the radio?
When a kid recognizes you at the laundromat?
When you start getting fan mail?

How about on your first tour, or the second; your first magazine cover feature, your first show played while high out of your mind, your first groupie hookup?

For Nicky, it might just be his first drunken confession in a hotel room that alters the path of his friendship forever.

From Holly Interlandi on scripts and Sally Cantirino on pencils and inks, Last Song returns with the second of its four oversized issues telling the heartbreaking story of two best friends who let music change them for better and for worse.

From the critically acclaimed writers of ***The Dregs*** comes a new horror series about body image, social media, and memory.

When an entrepreneur with a god complex creates a technology that allows two minds to share one body, he doesn't anticipate the degenerative effects of long-term trials.

Come Into Me is a contemporary comment on connected culture and our longing for approval in the digital age.

This is a world where technology and flesh become indistinguishable, begging the question, *"How much sharing is too much sharing?"*

Prepare yourself for the insane lovechild of ***The Fly*** and ***Eternal Sunshine of The Spotless Mind.***

Beautiful Canvas is 2017's smash hit warped crime miniseries about Lon Eisley discovering the similarities and differences between her job as a hitwoman and her new role as a mother-to-be when she finds out her girlfriend is pregnant.

Going from destroyer to creator/protector is a major swerve, but parents still have plenty of violent and brutal moments to contend with, especially when the world is full of pyrokinetic sleeper agents, animal/hybrid muscle-squads, and one hell of a nasty boss pulling your strings.

From the creative team of Sami Kivela ***(Abbott)*** and Ryan K Lindsay ***(Negative Space, Eternal, DC Writers Workshop)*** comes this gonzo world of future noir, where the story aims to deliver a brutal blow to your heart and piss in your brainpan.

"For each of Man's evils, a special demon exists."

For thirty years, the demon of vengeance has been still, its corpse buried in a pumpkin patch graveyard in the hills. But when a reckless driver accidentally kills a pair of children, the creature is called up once more. This time, though, the monster's intended target is protected by a cruel backwoods crime family. They hatch their own supernatural plans for dealing with Pumpkinhead. For each of man's sins, a special demon exists, and when seven infernal creatures roam the hills and the hollows, no one--guilty or otherwise--is safe.

Plus! The first part in a backup story about everyone's favorite, Haggis, by Cullen Bunn and Kyle Strahm!

WRITTEN BY
CULLEN BUNN
(X-MEN BLUE, DARTH MAUL)

CULLEN BUNN TALKS *PUMPKINHEAD*

What drew you to taking on the* Pumpkinhead *series?

When I saw that Dynamite would be publishing this book, I immediately contacted them and asked if they had a creative team attached. As a horror writer... and as a writer who loves tales of backwoods terror... the Pumpkinhead concept just speaks to me. In many ways, the setting for Pumpkinhead could easily be in a county nearby Harrow County (from Harrow County) or Spider Creek (from Blood Feud). It's like visiting one of my favorite stomping grounds.

Were you a fan of the original film series?

I loved the original movie quite a bit. I saw it on opening weekend at a little movie theater in Goldsboro, North Carolina. I loved the setting, the music, Lance Hendrickson's acting, Haggis' creaky voice, the sound effects, the creature effects, and the weird lighting. I thought what Stan Winston did with that movie was something special. The follow-ups couldn't help but pale in comparison to the original, and I didn't enjoy them nearly as much. I've watched them all, several times, but the original is the one that will go down as a horror classic for me.

What do you feel makes your series stand apart from the films?

We're exploring vastly different territory in this comic. At first, we might think we have a pretty straightforward tale of revenge, similar to the story from the original movie. But we start treading different territory pretty quickly. There are factions of townsfolk at work in this series that will change the dynamic in a pretty big way.

And here's a spoiler:

In the original movie, the old witch Haggis says, "For each of man's evils, a special demon exists." We're chasing that idea in a big way.

What's your favorite horror movie, and are there any classic horror films, writers, or directors that have inspired your approach to the* Pumpkinhead *series?

Pumpkinhead is certainly one of my favorite horror monsters, but my favorite horror flick is either *The Thing* or *Alien*. I'm such a huge horror fan, it's impossible to list all my influences for a story like this. Lovecraft, Howard, Wellman, Lansdale... the list really goes on and on. I wanted to tap into regionalism with this tale, so I gravitated toward creators who are masters of that skill.

The path to redemption is never easy, and the journey of a warrior princess seeking to wash the blood of innocents from her hands is no exception. Xena travels to Athens to plead for redemption in the temple of Eleos, but some things can never be forgiven and the shadows of past sins are long. Will Xena find redemption or betrayal waiting for her in the temple of the gods? The power, the passion, the danger… her courage would change the world. Xena: Warrior Princess.

WRITTEN BY
MEREDITH FINCH
(WONDER WOMAN, ROSE)

MEREDITH FINCH TALKS *XENA: WARIOR PRINCESS*

What drew you to taking on the new* Xena *series?

The fantasy genre is an area that I feel very comfortable working in after writing Wonder Woman for DC and my new creator-owned project Rose through Image Comics. I liked the challenge of pairing that with the comedy/campiness that has always been a part of the *Xena* franchise.

Were you a fan of the original TV series?

I was a huge fan of the original *Xena* TV series and it was absolutely an honor to be asked to contribute to her legacy as a character.

What do you feel makes your series stand apart from the show?

I really felt that it was time to reintroduce or rather introduce Xena to a new generation of comic book readers. My intention is to try to keep a little of the campiness from the original TV series in our story, but also bring a sincerity to the character and her development from killer to warrior for good. I also want to focus on her relationships in a little more depth with a particular emphasis on the impact of the Gabrielle character in bringing about that evolution for Xena.

As a warrior princess, Xena is considered by many to be a strong, empowered female role model. How did you tackle writing such a character, and what qualities do you feel that she embodies that makes her such a example?

I think these days it is much easier to write strong, empowered female role models because that is really the epitome of the 21st century woman. When I'm writing I am more trying to bring my own experiences and those of the women in my life to the character. Xena is very different from writing Wonder Woman or Rose because she has lived in such a masculine world for so long that she is much more guarded and has essentially cut herself off from her own femininity and the softer aspects of her womanhood. I like the challenge of exploring how she reconnects with who and what she is as she journeys toward redemption. Being willing to acknowledge your failings and reinvent yourself takes a great deal of courage and that quality is what makes Xena such a great role model.

CHAD BOWERS, CHRIS SIMS, AND RUAIRÉ COLEMAN TALK *KISS / ARMY OF DARKNESS*

What drew you to taking on this project, and what's been your favorite part of working on it thus far?

CHRIS SIMS: When we did our first Army of Darkness comic, I talked in interviews about how AOD was the only thing that I ever wrote fan-fiction about when I was a kid. I never posted it anywhere -- and I'm old enough that I wrote it on a computer without a modem to even connect to the Internet, so it's been lost to the ages -- but it happened, and it won't surprise you that I spent a lot of time wondering what would happen if I could throw Ash into a crossover, too. Dynamite has done some really great ones in the past, but this one is shaping up to be one of the wildest, if only because we get to put our own spin on the idea of KISS as a kickass interdimensional supernatural strike-force. Get it?

As for my favorite part, it's gotta be seeing the ideas that Chad cooked up when we were plotting it. Sometimes, talking this stuff out is as fun as writing it, and seeing him go even bigger than I was expecting when we were first bouncing around ideas was fantastic. Believe me, you would've thought the stuff we were going to do was wild before we went three steps beyond it. What we're actually doing? It's not just killer, it's a destroyer!

CHAD BOWERS: With Ash vs. The Army or Darkness, Chris and I were given kind of carte blanche to do whatever we wanted to the world of AOD, and we went for broke. We introduced some new characters and concepts, and built a legacy for Ash's comics adventures that I'm immensely proud of, but not in a million years could I have guessed we'd get to continue that momentum with the added bonus of tossing the worlds greatest rock n' roll band into the mix! I've been in the tank for KISS since I was in middle school. I remember buying the KISS tribute album, "KISS My Ass" for the Lemonheads (they covered "Plaster Caster"), which lead to me picking up "Greatest Hits" and so on. But when I found out there was a KISS comic with blood in it, I signed up for life! Of course I adore the songs (literally listening to "Do You Love Me" right now), but I'm just as obsessed with the way KISS transcends just the music to become something of a genre themselves. It's something I think about a lot, honestly, so no surprise, it's a big part of our story too!

RUAIRÍ COLEMAN: Having done some work for Dynamite in the past, I've really been wanting to get my foot in the door here for a long time so I can play in the sandbox of amazing licences that Dynamite have.
Chief among those, and high up on my bucketlist, is Army of Darkness: Hail to the king, baby.

So, when I was offered the job of drawing the Army of Dakness/Kiss crossover, I couldn't believe my luck! The concept is totally bonkers, but in a way that would make complete sense in the world of AoD. Thinking about it, I'm surprised it hasn't been done already and I'm honoured (and more than a little intimidated) to be the guy who draws it.

So far I've just been trying to get familiar with drawing the characters so my favourite part has been re-watching Army of Darkness and reading Kiss comics in preparation for this wild adventure. Tough day at the office...

In the second installment of this speculative steampunk thriller, the stakes are raised as the government decodes more of the virus that has been planted in the mysterious domes discovered at the magnetic poles. This leads to Ledge betraying Molly's trust and placing Matthew's psychological health in danger. Meanwhile the mysterious James Chase begins his first day of work at the invasive Formula Media Corporation where he meets Jill, the executive Formula Media Assistant who processes all the psychic imprints connected to the Central Lens Network.

Based on an award-winning story, Myopia migrated to Dynamite from a successful Kickstarter supported by George R.R. Martin, Neil Gaiman, Margaret Atwood, Dean Koontz and Jim Butcher. Don't miss the exciting continuation of the critically acclaimed first issue, hitting a 9.0 on Comic Book Round Up and reviewed in international, award winning magazines such as River Styx, which publishes some of the most important writers of our time, including many Pulitzer Prize and National Book Award winners.

MYOPIA SPECIAL #1

FC | 32 pages | $3.99 | Teen + | 2/28

writer: Richard Dent
artist | cover: Patrick Berkenkotter

Based on an award-winning story by writer Rich Dent, "Myopia" merges speculative fiction and steampunk into a thrilling alternative reality. Armed with a special set of lenses that make him almost invisible inside the Central Lens Network, James Chase sets out on a mission to stop the new world order's violation of the Magnetic Energy Agreement. At first sold as a device to make life more convenient, the lens now works as a tool for the government to hide the devastation unleashed from excessive mining of the earth's core.

RICHARD DENT TALKS *MYOPIA*

Myopia 1 was originally conceptualized as a screenplay and later adapted to graphic novel format. Is the story for Myopia 2 a part of that original screenplay, or is it something you've crafted in the time since?

Myopia 2 continues along the line of the screenplay, but in its translation to a comic book series, I'm able to add more detail, allowing the characters, and ultimately the series, to grow more complex.

Anything exclusive you can share with Myopia fans everywhere regarding the story/plot for Vol 2?

Issue 2 is where we begin to see hints of why Bill Glenn was killed in issue 1. We also learn more about James through his interaction with Jill, the Formula Media Assistant responsible for managing all the psychic imprints associated with the Formula Media Lenses. The geography of the world and the power of the lenses expand as well.

Where did you draw your inspiration for Myopia from?

I wanted to write something fun. I didn't outline or plan (which is something I usually recommend when writing a complex piece of science fiction) and it just morphed into a dystopian story.

Are there any writers, directors, creators, etc. that you feel have influenced your work in Myopia?

I love a lot of work by Margaret Atwood, Alan Moore, and Steven Spielberg. I really enjoyed David Slade's faithful adaption of 30 Days of Night. Like that series, I feel Myopia is developing a unique color palette, illustration and lettering style.

What is your favorite part about crafting this futuristic world? What similarities do you see between your own semi-dystopian future and today's technologically advanced society?

In Myopia, the world runs primarily on magnetic energy and psychically connected lenses. As new elements come into the story, I enjoy making sure they are plausible but also create a new opportunity to expand on the world.

Over the years, smartphones have taken on responsibilities that have erased important information from our memories. Phone numbers, how to read a map, balancing our bank accounts, even writing itself--and while this is a great convenience, freeing up time and saving a great deal of paper, it also lures us into a dependency. We've all experienced that moment of panic when misplacing our smartphone; it's what I imagine a flash of Alzheimer's might feel like. In Myopia, the citizens have reached an extreme level of this state and it sets society up for disaster.

Red Sonja and Wallace have faced the darkness and made their way out from Hell – or have they? They've crossed the River Styx, but the land of the living looks just as desolate as the land of the Dead – and it soon becomes all too clear that this is the handiwork of Kulan Gath, enraging Sonja. She didn't travel back and forth through time and escape from Hell just to find her homelands in ruin…Kulan Gath may be more powerful than ever, but a reckoning is coming!

L.A. Is a strange town on the best of days, but in the summer of 1974, the City of Angels feels especially demonic. As temperatures soar and wildfires burn, all sorts of strange creatures are drawn to town, including Vampirella. While Vampi goes out and hunts down monsters all across La La Land — defending humanity from evil — she's also killing it every night on stage as a member of the all-girl rock group Witchkraft — defending rock 'n' roll from a dying scene. Help arrives in the form of four creatures who've just flown into town: The Starchild, The Demon, The Spaceman and The Catman. Away from their home turf and trying to record their new album, KISS discovers that all their favorite L.A. bands have mysteriously broken up, disappeared, sold out, or gone crazy. Led by a driver who moonlights in the occult and haunted by satanic strangers dressed in black, KISS finds themselves drawn into a web conspiracy that threatens to kill rock 'n' roll itself.

BIG QUESTIONS TP

(W/A/CA) Anders Nilsen

A haunting postmodern fable, *Big Questions* details the metaphysical quandaries of the occupants of an endless plain, existing somewhere between a dream and a Russian steppe. A downed plane is thought to be a bird and the unexploded bomb that came from it is mistaken for a giant egg by the group of birds whose lives the story follows. Nilsen seamlessly moves from humor to heartbreak. Rather than lending its world meaning, Nilsen's parable lets the questions wander where they will. (STK443211)

YOUR BLACK FRIEND AND OTHER STRANGERS HC

Recommended by Jim Fallone

This is an important book.

Ben Passmore is a very talented creator, part Spain Rodriguez and part George Herriman, and he uses every inch of the page in this compact graphic novel to turn panel into truth and ink into lightning.

Your Black Friend is a truly subversive comic in the way underground comics were in the 60s and 70s. It cuts through the sensational headlines that are dominating the media about the challenges facing minorities in America. It brings us inside the real everyday reality of racism, the hundreds of small knife cuts of choice and compromise that must be made internally before one can act or speak out loud. The thousands of pin pricks of overheard conversations politely ignored. Passmore seems to pack as much insight and understanding about race in a single page as Ta-Nehisi Coates can in whole chapters.

It is not a coincidence that *Your Black Friend* has won accolades and recognition with Eisner Nominations and Ignatz Awards. This is an outstanding example of the medium and of what comics can do. I am very happy Silver Sprockets is putting this out in a hardcover edition. This is the kind of book that parents should give their children and children should give parents. This is the kind of book that should be kept on the counter at retail and on the coffee table at home.

This is an important book.

TALES OF WEDDING RINGS VOLUME 1 GN

Recommended by Sarah Martinez

Tales of Wedding Rings is an interesting twist on the classic fantasy harem manga, one that at times feels like it's working backwards from traditional story beats. The Plot revolves around a teenager named Satou following his childhood best friend, Hime, through a portal to another world where he accidentally interrupts her arranged marriage to a fantasy Prince. You see, Hime is a princess who is destined to marry a man who can defeat a great evil in their world, using the wedding ring as a conduit for the power of their mutual bond. Unsurprisingly, she picks Satou to fill that role over the Prince. They end up married, which would be where a traditional manga ends. Except this series is Tales of Wedding *Rings*, and if Satou is going to defeat the Big Bad, he'll need more than just Hime's.

It's nice to see what you can accomplish in a harem manga when you initially do away with the "will they, won't they" premise and establish out of the gate that the protagonists are aware of their mutual love. Not that it's completely free of traditional harem tropes, but acknowledging that their relationship is the end game keeps the pace snappy and allows it to focus more on giving their interactions weight within the context of the story. There is also something compelling about the backward nature of plot that sees the main character having made his "choice" in a classic harem sense, but then forced to court more characters for the sake of the story, all while attempting to reassure Hime that she is the most important.

Plot aside, the characters are well designed and distinct on average and the art trends toward heavy contrast between pure black and white rather than softer grey tones. I would whole heartedly recommend *Tale of Wedding Rings* to anyone who considers themselves a fan of fantasy romance and harem manga, or is just looking for an easy series to pick up and read in their downtime.

Marriage means monsters and mayhem in this unusual harem manga by MAYBE!

Certified Cool

What is "Art"? Art can be self-indulgent, goofy, serious, altruistic, evil, or expressive, or any number of other things. In *Why Art?*, acclaimed graphic novelist Eleanor Davis (*How To Be Happy*) unpacks some of these concepts in ways both critical and positive. A work of art unto itself, Davis leavens her exploration with a sense of humor and a thirst for challenging preconceptions of art worthy of Magritte.

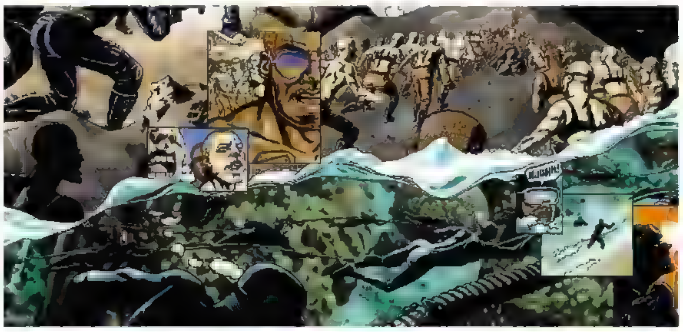
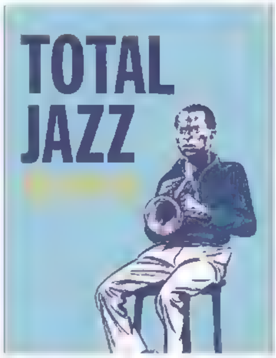
GODHEAD

by Ho Che Anderson
$24.99 / SC / 192 pgs / PC / 8 x 10

A sprawling contemporary saga with a science-fiction edge, *Godhead* explores the collision course between science and religion when a corporation creates a device that can talk to God. Is this humanity's salvation or the equivalent of a Doomsday machine? *Godhead* is Ho Che Anderson's most conceptually and thematically ambitious graphic novel to date, his first in over ten years.





TOTAL JAZZ

by Blutch
$19.99 / HC / 96 pgs / PC / 8 x 10.375

In this freewheeling collection of short stories and vignettes, the famed French cartoonist examines not only the music, but the nature of the jazz subculture. The grumpy festival goer, the curmudgeonly collector, and many other fan "types" are the targets of his unerring gimlet eye, drawn in a range of styles as improvisational as Coltrane and Mingus.

SPEACK: THE GRAPHIC NOVEL HC (2ND EDITION)

(W) Laurie Halse Anderson, Emily Carroll (A/CA) Emily Carroll

"Speak up for yourself-we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless — an outcast — because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. (STL071227) (C: 0-1-0)

IS THIS GUY FOR REAL?: THE UNBELIEVABLE ANDY KAUFMAN GN

(W/A/CA) Box Brown

Comedian and performer Andy Kaufman's resume was impressive — a popular role on the beloved sitcom *Taxi*, a high-profile stand-up career, and a surprisingly successful stint in professional wrestling. Although he was by all accounts a sensitive and thoughtful person, he's ironically best remembered for his various contemptible personas, which were so committed and so convincing that all but his closest family and friends were completely taken in. Why would someone so gentle-natured and sensitive build an entire career seeking the hatred of his audience? What drives a performer to solicit that reaction? Graphic novelist Box Brown takes on the complex and often hilarious life of Andy Kaufman. (STL070395) (C: 1-1-0) **NOTE:** Not available in the U.K. (May Purchase from U.K. Vendor)

At night he puts on daring dresses and takes Paris by storm as the fabulous Lady Crystallia, the hottest fashion icon in the world capital of fashion! Sebastian's secret weapon (and best friend) is the brilliant dressmaker Frances, one of only two people who know the truth: sometimes this boy wears dresses. But Frances dreams of greatness, and being someone's secret weapon means being a secret. Forever. How long can Frances defer her dreams to protect a friend? Andre Roussimoff is known as both the lovable giant Fezzik in *The Princess Bride* and a heroic pro-wrestling figure. He was a normal guy who'd been dealt an extraordinary hand in life. At his peak, he weighed 500 pounds and stood nearly seven and a half feet tall. Box Brown brings his great talents as a cartoonist and biographer to this phenomenal new graphic novel. Drawing from historical records about André's life as well as a wealth of anecdotes from his colleagues in the wrestling world, including Hulk Hogan, and his film co-stars, Brown has created the first substantive biography of one of the twentieth century's most recognizable figures. Enjoy lively, colorful, fairy-tale-style fun with the Whiskers Sisters! Maya has antlers. Mia's a cat. And May can't quite talk yet. But they're all family! They live in the woods with their grandfather, the Guardian of the Forest — and they get into all kinds of adventures with the chatty animals that live nearby. A ghost story has the Whiskers Sisters spooked. The tale says a spirit haunts the forest's old tree stump. But when Tim the fox disappears near the stump, it's the Whiskers Sisters to the rescue! Maya, Mia, and May set out to find their friend. And below the stump, a kooky surprise is waiting for them. Will their adventure have a fairy-tale ending? (STL070573) (C: 0-1-0)

176 Pages, SOFTCOVER, 6" x 9", $19.99

RELEASE DATE: **04/25/18, YOUNG ADULT**

Deep in the Oregon wilderness sits Camp Bloom, a weight-loss camp where “overweight” teens can “get in shape.” Jesse would rather be anywhere else, but her parents are forcing her to go. Noah isn’t sure if he wants to be there, but it’s too late to turn back. Tony is heartbroken at the thought of giving up his phone and internet. And Kate... well, she likes the hikes, at least. As far as these four teens are concerned, it’s just another boring summer.

Until one night, when Jesse and Noah witness a beloved counselor’s murder. The body’s gone by the next morning, but a blurry photo leads to one clue--the murderer is one of the camp’s staff members!

But which one? As Jesse, Noah, Kate, and Tony investigate, they quickly discover that everyone’s got their secrets... and one of them would kill to keep theirs hidden.

“It's my hope that young people from any background will be able to see themselves in the characters and see that the qualities and talents they have far outweigh the importance placed on how they look.”

136 Pages, $19.99, SOFTCOVER

RELEASE DATE: **04/18/18, MATURE**

In a prohibition-era world where demonic entities pull the strings that make the crime families dance, Eddie is a mortal with two things working for him. First of all, he can't die. Well, he can and does, quite often, but he doesn't stay that way long. Second, Eddie runs the Gehenna Room, a nightclub with a strict "no demons allowed" policy. But blessings and curses don't look all that different these days. When one of Eddie's old pals shows up seeking sanctuary, Eddie knows he's in for a double-cross. That means walking the line between salvation and damnation once more.

"*The Damned* has the makings of a sprawling crime / horror epic. It seamlessly weaves between aspects of both genres, taking normal gangster tropes and upping the ante with the supernatural twist. If it follows in the footsteps of the creative team's previous work, *The Sixth Gun*, then we're in for an incredible and extended ride. It's just so damn good."

SECRET PATH GN
(W) Gord Downie (A/CA) Jeff Lemire
Secret Path is a ten song album by Gord Downie with a graphic novel by illustrator Jeff Lemire that tells the story of Chanie "Charlie" Wenjack, a twelve-year-old boy who died in flight from the Cecilia Jeffrey Indian Residential School fifty years ago. Chanie, misnamed Charlie by his teachers, died on October 22, 1966, walking the railroad tracks trying to escape from the Cecilia Jeffrey Indian Residential School to return to his home 400 miles away. He didn't know where it was, nor how to find it, but, like so many kids he tried. *Secret Path* acknowledges a dark part of Canada's history, the long suppressed mistreatment of Indigenous children and families by the residential school system, with the hope of starting the country on a road to reconciliation. JIMMY'S BASTARDS VOLUME 1 TP

Recommended by Steven Leaf

The 60's an age of innocence and innocence destroyed. It was also a time of icons. The Beatles, the Yankees, the Kennedys and Camelot, and in pop culture it was Bond. James Bond. Ian Fleming's agent with a license to kill and thrill lead to a number of wannabe Bonds.

You've seen how Garth Ennis has skewered the superhero genre in *The Boys* and the crime genre in *Hitman*. In *Jimmy's Bastards* he tackles the super spy conventions of the 60s. The trade paperback, collecting the first five issues of the Aftershock series by Ennis and Russ Braun, introduces readers to Jimmy Regent, Britain's number one super-spy with a license to shoot whomever he likes and beautiful women falling at his feet. He also has a new partner who isn't quite as impressed by Jimmy as all other women appear to be. There's a price to pay for Jimmy's "love 'em and leave 'em 'romantic'" conquests. As the saying goes, it's never good when the chickens come home to roost.

You reap what you sow, and boy has Jimmy Regent done a lot of sowing and the crop can be dangerous to his health. As Jimmy Regent might say "this never happened to the other fellow." Get the low down on the spy game the Ennis way in *Jimmy's Bastards* from AfterShock Comics.

DICK TRACY: COLORFUL CASES OF THE 1930S HC

(W/A/CA) Chester Gould
In the early 1930s, Chester Gould dramatically altered the comics landscape with a new style of gritty realism torn from Chicago's headlines. With this new kind of storytelling came a new way of coloring comics, a style as bold and vibrant as the stories themselves. This selection of *Dick Tracy* Sunday comics from 1931 to 1939 features Gould's most infamous villains of the decade; four complete stories plus forty more fabulous Sunday pages, reprinted for the first time in the original colors, and in full tabloid size. Experience the adventures of the world's most famous comic strip detective just as they appeared more than three-quarters of a century ago. (STL018498)

ALL-NEW ARC! ALL-NEW JUMPING-ON POINT! "THE BOOK OF THE DEAD" – PART ONE!

Into the Deadside! Years ago, Project Rising Spirit's cutting-edge nanite technology transformed Ray Garrison into the walking weapon codenamed Bloodshot. Now, those very same microscopic machines have infected his infant daughter's physiology and threaten to destroy her from the inside out. As the life of an innocent hangs in the balance, Bloodshot will be forced to make an unimaginable decision: to watch the child he loves die, or to confront death itself...and strike a bargain for her safety. Now, with the supernatural heroes known as Shadowman and Dr. Mirage to guide him, Bloodshot is about to undertake an unreal journey into the demon-haunted dimension known as the Deadside to save a life...or sacrifice his own...

Plus: Magic and the Bloodshot Squad lead an assault on OMEN for the rescue attempt of a lifetime!

A wrenching new chapter for Valiant's powerful series starts here as New York Times best-selling writer Jeff Lemire (*Black Hammer*) leads Bloodshot to the precipice of loss, grief, and retribution – featuring fully painted interior art by sensational rising star Renato Guedes (X-O MANOWAR)!

DELUXE HARDCOVER

The year's best-selling independent limited series, now in deluxe edition hardcover!

Eric Heisserer, the Academy Award-nominated screenwriter of ARRIVAL and Valiant's upcoming HARBINGER and BLOODSHOT feature films, joins the Harvey Award-nominated art team of Raúl Allén & Patricia Martín (WRATH OF THE ETERNAL WARRIOR) for an all-new Valiant adventure...launching Livewire and an extraordinary new team of heroes into the fight of their lives!

The government has dispatched Amanda McKee - the technopath codenamed Livewire - to investigate the ruins of a secret facility formerly run by Toyo Harada, the most powerful telepath on Earth and her former mentor. In his quest for world betterment at any cost, Harada sought out and activated many potential psiots like himself. Those who survived, but whose powers he deemed to have no value to his cause, were hidden away at this installation. But Livewire, having studied Harada's greatest strengths and learned his deepest weaknesses, senses opportunity where he once saw failure. A young girl who can talk to birds... A boy who can make inanimate objects gently glow... To others, these are expensive disappointments. But, to Livewire, they are secret weapons...in need of a leader. Now, as a mechanized killer called Rex-O seeks to draw them out, Livewire and her new team of cadets will be forced to put their powers into action...in ways they never could have imagined...

WAR MOTHER TRADE PAPERBACK

Out of the pages of 4001 A.D., the breakout hero of the 41st century charges onward in an high-powered tale of tomorrow from New York Times best-selling writer Fred Van Lente (ARCHER & ARMSTRONG) and high-octane artists Stephen Segovia (NINJAK, *Action Comics*) and Tomás Giorello (X-O MANOWAR)!

Two millennia from today, Earth is not the hospitable home we once knew. Ravaged by an endless onslaught of war, disaster, and time, the world is littered with desolate badlands, fortified kingdoms, and secretive enclaves where humanity still clings to life... Enclaves like The Grove - Earth's last known repository of scientific knowledge and bioengineered prosperity. Now, under the leadership of the lone protector called WAR MOTHER and her sentient sniper rifle, the denizens of The Grove face a critical choice: remain where they are and die, or find a new land and flourish. Can War Mother lead her people out of isolation and reignite the fires of a dying planet? And even if she can locate the distant citadel she seeks, can she fight back the horrors and perverse monstrosities that lurk just beyond her doorstep?

In the footsteps of RAI and BOOK OF DEATH, raw power meets tribal warfare as Fred Van Lente & Stephen Segovia forge a modern myth of the near future through the fire-tempered frontier of 41st century Earth for Valiant's next stunning science-fiction showdown!

VOICES OF A DISTANT STAR GN

(W) Makoto Shinkai, Mizu Sahara

Award-winning director and author Makoto Shinkai offers a romantic sci-fi tale about young love and space adventure, based on his 2003 animated film. Sixteen-year-old Mikako Nagamine enlists as a pilot to fight in the interstellar war against a force of alien invaders, leaving behind her one true love. Mikako's only connection to Noboru Terao, who's living the life of an ordinary high school student, is through cell-phone text messages. As Mikoko travels farther away, it starts to take longer and longer for Noboru to receive her messages, until finally one arrives eight years and seven months after she sent it. When at last the fighting ends, she is left stranded on the spacecraft carrier. A rescue mission is launched to help — including Noboru, who's now a lot older. When they meet again, they'll discover whether their young love survived all the time and distance apart. (STL070552) (C: 0-1-0)

THE DOORWAY TO JOE: THE ART OF JOE COLEMAN HC

(W/A/CA) Joe Coleman

Finallty, the complete monograph with all the work of the unique and subversive artist Joe Coleman. The visions of Joe Coleman; monstre sacré of the New York City art scene, infamous for his explosive performances and the eschatological sentiments of his icon-like paintings; have often been described as subtended by binary oppositions—the sacred and the profane, sinfulness and morality, the hero and the outcast, the artist within and/or against the rest of the world. These contradictory forces coexist, dividing us all, and Coleman's paintings, like obsidian mirrors, reflect them in their perpetual and often disquieting negotiation. (STL071226) (C: 0-1-0)

HEADLIGHTS HONEYS: THE "PERFECT PAIR" IN VINTAGE PAPERBACKS, PULPS, AND COMICS HC

(W) Monte Beauchamp, Steven Heller

Once celebrated by skilled painters and sculptors throughout the history of art, with the advent of the Industrial Age and assembly line production, scores of "mams" merchandisers soon got in on the act. There was a time, however, when their low-budget portrayal in comic books, paperbacks, and pulps came under fervid assault, and effectively squelched, by the media censors. *Headlight Honeys* assembles dozens of rare, salacious cover examples and delivers the scoop on this harrowing, pre-code era in American publishing. THE ART OF PIN-UP HC

(W) Dian Hanson & Various (A) Alberto Vargas & Various (CA) Gil Elvgren

In the 15 years since TASCHEN released *The Great American Pin-up*, international interest in this distinctly American art form has increased exponentially. Pin-up, defined as drawings or paintings of pretty girls that stop short of frank nudity, was produced between 1920 and 1970, and much of it was discarded after printing. Today it's huge, and ripe for an equally huge and truly comprehensive collector's edition. Formidably sized, *The Art of Pin-up* is an impressive book that will be coveted by casual fans as well as hardcore pin-up collectors. The reproduction of the paintings, pastels, and preparatory sketches was largely sourced from the original art. (STK640515)

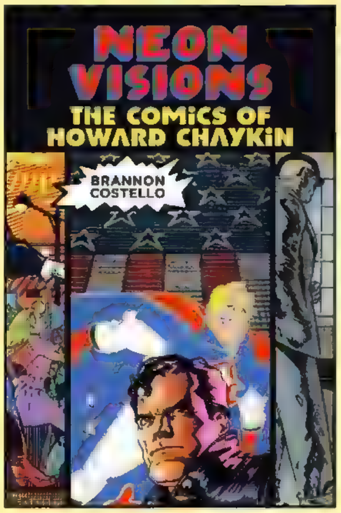
NEON VISIONS: THE COMICS OF HOWARD CHAYKIN SC



(W) Brannon Costello
(A/CA) Howard Chaykin
In the 1980s, Howard Chaykin broke new ground in American comic books with a series of formally innovative, iconoclastic works that turned the traditional action-adventure tales of mainstream comics into a platform for personal expression, political engagement, and aesthetic experimentation. His original creations *American Flagg!*, *Time²*, and the notorious *Black Kiss*, along with his reshaping of familiar titles like *The Shadow* and *Blackhawk*, generated acclaim and often controversy as they challenged expectations of the visual design and subject matter permissible in popular comics. In *Neon Visions*, Brannon Costello offers the first book-length critical evaluation of Chaykin's work and confronts the blind spots in comics scholarship that consign this seminal artist to the margins. O/A HELLRAISER: HELL ON EARTH: PINHEAD 12-INCH VINYL FIGURE

Deep from within the dimension of eternal torments comes the High Priest of Hell himself: Pinhead. Mezco brings the leader of the Cenobites into our realm with an exquisite 12" figure, as the cries of the damned rage loudly with anticipation. Pinhead's detailed portrait sculpture captures each grid scar and nail of his infamous visage. His vestments perfectly capture the look from the legendary film. The flayed portions of Pinhead's flesh bear witness to his suffering with a realistic wet-look finish. His sacred instruments, a trio of blades, dangle from his holy robes. The figure comes complete with two sets of hands: one set to hold the included Lament Configuration for summoning the Cenobites, and a second set to wield his instruments of transformation. PICARD DESK CRYSTAL

STAR TREK: THE NEXT GENERATION: PICARD DESK CRYSTAL PROP REPLICA

From ANOVOS. One of the iconic props associated with Captain Jean-Luc Picard, his "desk crystal" appears prominently in no fewer than 78 episodes of *Star Trek: The Next Generation*, often in his hands during the iconic speeches on moral and ethical issues that are so fundamental to the character of Star Trek's most ruminative captain. This re-creation is made of high-end lead crystal and its impressive heft makes it suitable for use as a paperweight, as its prismatic properties glimmer and sparkle in the light. The crystals are each meticulously formed, wet-ground, and polished by hand at a company that specializes in fine crystal glassware and chandeliers. The 3D geometry of the crystal was obsessively reconstructed using digital 3D modeling software, referencing and reconciling hundreds of film frames of the crystal's appearances across the seasons of TNG. This first installment in a planned three-piece Picard Desk Set has been produced in limited quantities, so don't miss this opportunity to assemble the full set. Dirk Wood is the Creative Director at *IDW:PDX*, a satellite office of IDW Publishing where he has launched a new imprint for the publisher called "Woodworks". He has nearly 25 years of experience in the comic industry, including a long stint as VP of Marketing at IDW. He lives in Portland, OR with his beautiful wife Grace, great step kids Acacia and Miles, and lazy cats Pablo, Hazel and Coco. He is generally acknowledged to be a sloppy guitar player.

One of the first major projects from *IDW:PDX* is the new recurring hardcover "magazine" ***Full Bleed Comics & Culture Quarterly***. It's a big deal for the publisher, and a BIG book too — over 200 pages. This, of course, makes total sense, especially for a publisher best known for their fan-favorite *Artist's Edition* and *Artifact Edition* hardcovers, which are "Titanic Tomes" to be sure!

Dirk Wood was kind enough to take time out of his busy schedule to talk with us about the first volume of ***Full Bleed*** — featuring interviews with Stephen King, Alan Moore, and Punk legend Carla Bozulich, among others — regarding the genesis of this quarterly "Titanic Tome" and how it's initial offering came about via Kickstarter...

PREVIEWS:* *Dirk, you are without a doubt an icon in the comics industry! Tell us a little bit about yourself and how you came to found IDW:PDX whose inaugural publication is a titanic tome both in physical size and scope — Full Bleed: The Comics & Culture Quarterly.

Dirk Wood: Icon?! Let's not get crazy, now. But I appreciate the sentiment. Well, I've been around a while, having started in this business on the retail side (gulp) 24 years ago. For the last seven years I've been the VP of Marketing at IDW Publishing, which has been by far the most rewarding chapter of my professional life. as I've had the chance to work with the best staff in the industry. As far as founding *IDW:PDX* goes, that all started with conversations between myself and Ted Adams (our CEO & Publisher, of course). We were talking a lot about the growing comic scene in Portland, while at the same time discussing what I'd call a "slight depression" regarding the state of literacy in the world during the Internet Age. Those conversations led to both the idea for a satellite office in Portland, and our maiden publication, ***Full Bleed***. On the personal side, I grew up in Portland, my wife, step-kids, and cats are all here, so it all worked out swimmingly well.

P: Full Bleed is a truly unique book in today's comic market. What inspired the project and how do you see it situating itself (or standing out from) other books being published today? When fans get ahold of the first issue, what do you think they are going to be most impressed with?

DW: There were many forms of inspiration. Ted and I are both avid readers, and we were decrying the lack of long, in-depth articles about comics. The kind of thing you'd see in the *New Yorker*, or *Atlantic Monthly*, and see very little of on the Internet. You could say this is our direct response to "click-bait" articles, not that I don't get caught up in those once-in-a-while myself. As far as direct inspiration goes, the old in-depth *Comics Journals* that Fantagraphics did come to mind, with a dash of *Raw*, *Juxtapose* and *McSweeney's* for good measure. And oddly enough, *Rolling Stone*. While our format is different, I always liked that you picked up *Rolling Stone* for the music, and the next thing you know you're reading about climate change, or politics, or film. It may sound pretentious, but I want to do the same thing for comics that *Rolling Stone* has done for music.

What are people going to be the most impressed with? There's enough variety, I think that answer may be different for everybody! But the sheer mass of this volume, and the goodness contained within – I think it's really going to blow some minds.

P: It must be a surreal and exciting experience pulling together an anthology collecting a variety of comics, prose, and illustrations from some of the most iconic people and voices in our industry. What has been your favorite part of producing the quarterly magazine? Were there any specific challenges or obstacles you faced when gathering materials for the publication?

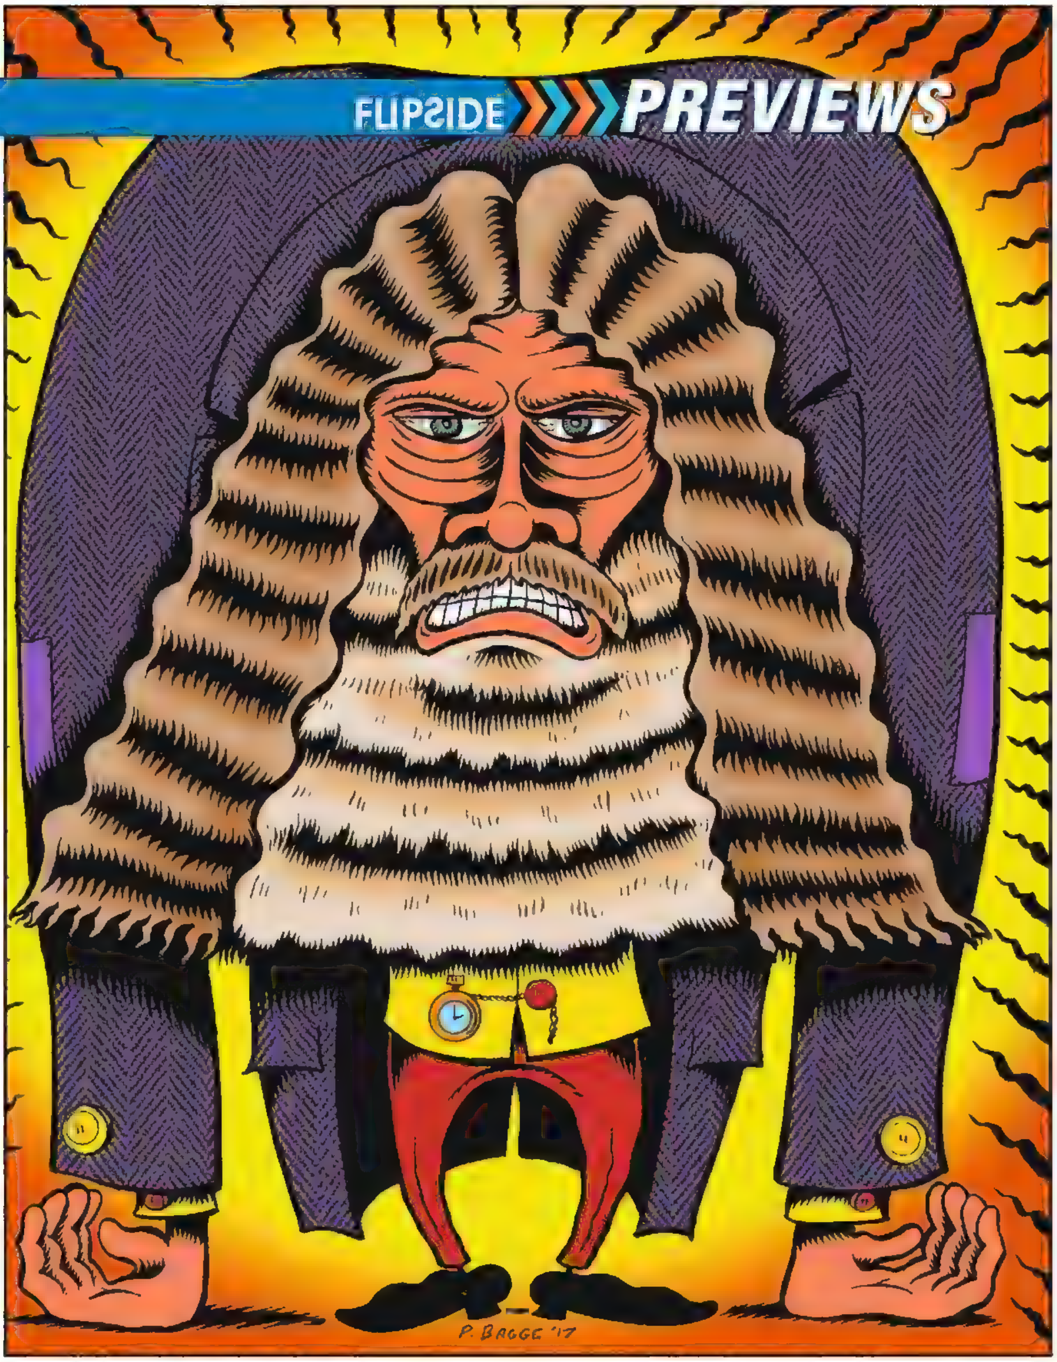
DW: Surreal indeed, but in a great way. My favorite part? That's hard to say, but there's nothing quite like suddenly deciding it would be great to have Peter Bagge draw Alan Moore, asking him to do it, having him say "yes", and having it show up in your in-box the next day. That kind of thing is a thrill, especially for a lifelong fan. And sure, there have been a lot of challenges, we've never done this before. No one has! No one has attempted to put together a 200-page hardcover magazine for the comic market, with this unique form of distribution. There have been a ton of challenges, but we're just tackling them one at a time.

P: You just wrapped-up an incredibly successful Kickstarter for the first issue of Full Bleed, attracting the attention of comics fans, pop culture enthusiasts, comic shop retailers alike, but that's clearly not the end for spreading the word and getting this book in people's hands. What role do you see the direct market and comics shops playing in the ultimate success of book? Are there any specific ways that you are working with local comic shops to help them get the word out to their customers and fans?

DW: Indeed. We always saw this as a product for comics shops *FIRST*. But, we wanted it to be something they could sell, and had to get the word out in a new way. We truly think the Kickstarter accomplished this. Now that it's over, anyone who didn't jump on it — they need to come to their local shop. The idea was to raise the awareness of this project to a much higher level than it would have been otherwise. Let's say we solicited in the regular fashion, and as a shop, you could sell two copies. Let's say one of those two customers bought it on Kickstarter. Then, 5 more people come in your shop to buy it, having heard about it, but having missed the Kickstarter. That's the idea. Comic shops will *ALWAYS* be our most important customers, and the place most *Full Bleed* fans will probably shop. As far as I know, this is the first Kickstarter to even include the comic shop locator, embedded directly into it. So, this was always the idea. Will it be successful? We think so.

P: We've all been reading about the great things included in the jam-packed inaugural issue, but is there anything that you might be able to share about upcoming issues? Any last words you would like to share with the comics world about the project and the future of Full Bleed and IDW: PDX?

DW: This will be an unfair response, but let's just say we've had a lot of creators come out of the woodwork since the announcement, and... you ain't seen nothin' yet!



There's nothing quite like suddenly deciding it would be great to have Peter Bagge draw Alan Moore, asking him to do it, having him say "yes", and having it show up in your in-box the next day.

YOUR BLACK FRIEND AND OTHER STRANGERS HC

Recommended by Jim

Ben Passmore is a very talented creator, part Spain Rodriguez and part George Herriman, and he uses every inch of the page in this compact graphic novel to turn panel into truth and ink into lightning.

Your Black Friend is a truly subversive comic in the way underground comics were in the 60s and 70s. It cuts through the sensational headlines that are dominating the media about the challenges facing minorities in America. It brings us inside the real everyday reality of racism, the hundreds of small knife cuts of choice and compromise that must be made internally before one can act or speak out loud. The thousands of pin pricks of overheard conversations politely ignored. Passmore seems to pack as much insight and understanding about race in a single page as Ta-Nehisi Coates can in whole chapters.

It is not a coincidence that *Your Black Friend* has won accolades and recognition with Eisner Nominations and Ignatz Awards. This is an outstanding example of the medium and of what comics can do. I am very happy Silver Sprockets is putting this out in a hardcover edition. This is the kind of book that parents should give their children and children should give parents. This is the kind of book that should be kept on the counter at retail and on the coffee table at home.

TALES OF WEDDING RINGS VOLUME 1 GN

1
MAYBE
Tales of Wedding Rings

Recommended by Sarah

Tales of Wedding Rings is an interesting twist on the classic fantasy harem manga, one that at times feels like it's working backwards from traditional story beats. The Plot revolves around a teenager named Satou following his childhood best friend, Hime, through a portal to another world where he accidentally interrupts her arranged marriage to a fantasy Prince. You see, Hime is a princess who is destined to marry a man who can defeat a great evil in their world, using the wedding ring as a conduit for the power of their mutual bond. Unsurprisingly, she picks Satou to fill that role over the Prince. They end up married, which would be where a traditional manga ends. Except this series is Tales of Wedding *Rings*, and if Satou is going to defeat the Big Bad, he'll need more than just Hime's.

Plot aside, the characters are well designed and distinct on average and the art trends toward heavy contrast between pure black and white rather than softer grey tones. I would whole heartedly recommend *Tale of Wedding Rings* to anyone who considers themselves a fan of fantasy romance and harem manga, or is just looking for an easy series to pick up and read in their downtime.

Marriage means monsters and mayhem in this unusual harem manga by MAYBE!

THE PRINCE AND THE DRESSMAKER

Recommended by Jim

The Prince and the Dressmaker
Jen Wang

It's would be easy to pigeonhole this book by some of the media attention it will draw and although this is a story about a young 19th Century prince named Sebastian who secretly loves to wear dresses and hires an ambitious young seamstress named Frances to make dresses for him don't be mistaken. This is not a fairy tale about gender, instead Jen Wang craftily elevates the story beyond the sum of its parts and into a positive and satisfying tale about self-expression that reads like the best of the *Disney Princess* movies. *The Prince and the Dressmaker* at its heart is a wonderful and universal story about being true to yourself and to your creative spirit. Wang's expressive drawing conveys subtlety of emotion here evoking both Disney animators like Glen Keane and children's illustrators like Hilary Knight. The illustrations work with the story to propel it forward and add much nuance and emotion. Jen Wang understands misfits and I am a big fan of her digital comic *The White Snake* but *The Prince and the Dressmaker* marks a big leap forward for her as a creator.

This is a graphic novel to be recommended and shared and will inspire anyone motivated to be creative.

JIMMY'S BASTARDS VOLUME 1 TP

Recommended by Steven

The 60's an age of innocence and innocence destroyed. It was also a time of icons: The Beatles, the Yankees, the Kennedys and Camelot, and in pop culture it was Bond, James Bond. Ian Fleming's agent with a license to kill and thrill lead to a number of wannabe Bonds.

You've seen how Garth Ennis has skewered the superhero genre in *The Boys* and the crime genre in *Hitman*. In *Jimmy's Bastards* he tackles the super spy conventions of the 60s. The trade paperback, collecting the first five issues of the Aftershock series by Ennis and Russ Braun, introduces readers to Jimmy Regent, Britain's number one super-spy with a license to shoot whomever he likes and beautiful women falling at his feet. He also has a new partner who isn't quite as impressed by Jimmy as all other women appear to be. There's a price to pay for Jimmy's "love 'em and leave 'em 'romantic'" conquests. As the saying goes, it's never good when the chickens come home to roost.

You reap what you sow, and boy has Jimmy Regent done a lot of sowing and the crop can be dangerous to his health. As Jimmy Regent might say "this never happened to the other fellow." Get the low down on the spy game the Ennis way in *Jimmy's Bastards* from AfterShock Comics.
